

OBJECT: The object of the game is to traverse a course from beginning to end in the fewest number of throws of the disc. First throw is from the tee mat. Each consecutive throw is made from where the disc came to rest after the last throw. Hit the chains and drop the disc into the basket to sink your "putt". Score is determined by counting the number of throws made on each hole and then summing all holes. The winner is the player who completes the course with the lowest score.

RULES: This game is very much like the normal game of golf and most of the rules and courtesy of play are the same.

All players must wear their purchased wrist bands when playing the course.

Players should not throw until they are certain that the thrown disc will not distract another player or potentially injure anyone present. Players should not make distracting noises UNLESS someone is about to be struck by an errant throw. Please yell FORE or WATCH OUT!

Please do not throw discs on the Cave's Tour or where any person or vehicle could be struck by an errant throw. Thank you and enjoy our course.
