## Special Features

Huge elevation changes (a sampling: -66, +56, -74, -75, +49, -59, +47). Very large, old trees.

## Favorite Hole(s)

4. Right to left curve, 621 ft, 74 ft elevation drop, par 4. A good mix of shots in one hole. The drive starts open, but has to be placed correctly to hit the line for the approach through the trees.

## Miscellaneous

## Comments

Fantastic elevation changes on very long holes. Mostly open grassy holes with some very large scattered trees; it's a little too open for my taste. Big arms will love watching their discs fly, especially on the steep downhill holes.
