Special Features

Favorite Hole(s)

4. Although the first part is too open the drive has plenty of risk vs. reward since the fairway plays down a creek. The basket by the creek is the prettiest green on the course.

Miscellaneous

Holes 8-18 were still pretty new when I played there, so they're still being broken in. Possible safety issues: errant drives on 8 could hit a main road, and bad drives on 18 could go in the main park road loop.

Comments

Starts out with shorter holes, but later has some long ones to balance these. Half are in the woods, 3 are pretty open, and the rest have scattered trees and bushes.
