Special Features

Near a lake, and the overflow stream is nice.

Miscellaneous

1) Swamps! Drainage problems on fairways 1, 2 very much, 3-7, 12, 14, 17-18. Basket 6 was in the middle of a swamp. Very frustrating! Only play here in dry summer. 2) There are some old unused cement tee pads from the original design scattered around

Holes Birdied

7 (105 ft.) , 8 (115 ft.). You'd better get a 2 on these holes!

Favorite Hole(s)

15. A challenging 385 ft hole with well defined fairway with scenic large trees. Placing your drive is important because it ends with the basket on the other side of deep water overflow stream.

Toughest Hole(s)

5. With an L bend there's a forced layup. White SA of 3.6 on a par 3 hole.

Comments

With the frustrating swamps, the gnarly rough, some poke and pray holes, and being all flat I have no desire to play here again.
